

Name _____

Identify independent and dependent variables

- 1** What is the independent variable on this scatter plot?

A Weight

B Age

- 2** What is the dependent variable on this scatter plot?

A Exam Length

B Mark

- 3** As class size increases, grade tends to decrease

A Class Size

B Grade

- 4** As exam length increases, mark tends to increase

A Exam Length

B Mark

- 5** What is temperature called on this scatter plot?

A Independent Variable

B Dependent Variable

- 6** As exam length increases, mark tends to increase

A Independent Variable

B Dependent Variable

- 7** As age increases, weight tends to increase

A Weight

B Age

- 8** As age increases, points tends to decrease

A Age

B Points

Identify independent and dependent variables

9

What is exam length called on this scatter plot?

A Dependent Variable

B Independent Variable

10

As exam length increases, mark tends to decrease

A Dependent Variable

B Independent Variable

11

As age increases, points tends to decrease

A Age

B Points

12

As age increases, points tends to decrease

A Points

B Age
