

Area of a Simple Shape Formula - Formula to Shape

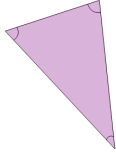

1 What shape's area would this formula calculate?

$$\frac{\text{base} \times \text{height}}{2}$$

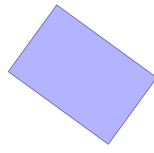

A

B

C

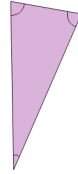

2

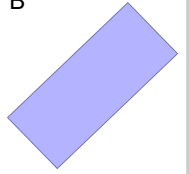

What shape's area would this formula calculate?

$$\text{length} \times \text{width}$$

A

B

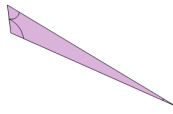

3

What shape's area would this formula calculate?

$$\text{side} \times \text{side}$$

A

B
