

Graphing - Scatter Plot (Linear) - Trend to Correlation Direction

<p>1</p> <p>What type of correlation is this?</p> <p>As temperature increases, seeds tends to decrease</p> <p>A positive correlation</p> <p>B no correlation</p> <p>C negative correlation</p>	<p>2</p> <p>What type of correlation is this?</p> <p>As temperature increases, sales tends to decrease</p> <p>A positive correlation</p> <p>B negative correlation</p> <p>C no correlation</p>
<p>3</p> <p>What type of correlation is this?</p> <p>As age increases, points tends to decrease</p> <p>A no correlation</p> <p>B negative correlation</p> <p>C positive correlation</p>	<p>4</p> <p>What type of correlation is this?</p> <p>As age increases, weight tends to decrease</p> <p>A positive correlation</p> <p>B negative correlation</p> <p>C no correlation</p>
<p>5</p> <p>What type of correlation is this?</p> <p>As class size increases, grade tends to increase</p> <p>A positive correlation</p> <p>B negative correlation</p> <p>C no correlation</p>	<p>6</p> <p>What type of correlation is this?</p> <p>As exam length increases, mark tends to decrease</p> <p>A positive correlation</p> <p>B negative correlation</p> <p>C no correlation</p>
<p>7</p> <p>What type of correlation is this?</p> <p>As temperature increases, sales tends to increase</p> <p>A negative correlation</p> <p>B positive correlation</p> <p>C no correlation</p>	<p>8</p> <p>What type of correlation is this?</p> <p>As age increases, points tends to increase</p> <p>A no correlation</p> <p>B positive correlation</p> <p>C negative correlation</p>
