

Multiplication Area Model - Twenties to Total from Sum

1 Use the area model to find the product of 27 and 7

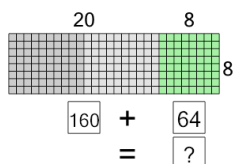

A	B	C	D	E	F
189	186	191	185	184	193

2 Use the area model to find the product of 26 and 7

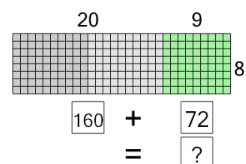

A	B	C	D	E	F
178	180	182	177	185	186

3 Use the area model to find the product of 28 and 8

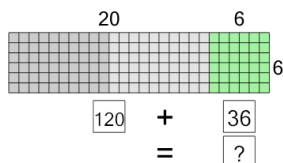

A	B	C	D	E	F
221	228	224	222	220	219

4 Use the area model to find the product of 29 and 8

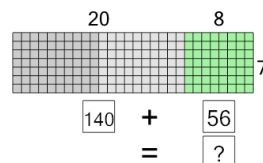

A	B	C	D	E	F
227	232	228	235	230	236

5 Use the area model to find the product of 26 and 6

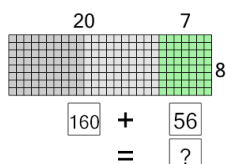

A	B	C	D	E	F
159	156	152	158	151	154

6 Use the area model to find the product of 28 and 7

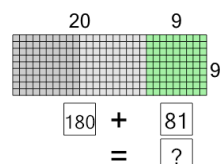

A	B	C	D	E	F
192	198	200	191	196	194

7 Use the area model to find the product of 27 and 8

A	B	C	D	E	F
220	212	218	219	216	211

8 Use the area model to find the product of 29 and 9

A	B	C	D	E	F
263	261	257	265	258	259
