

Multiplication Area Model - Twenties to Total

1 Use the area model to find the product of 27 and 6

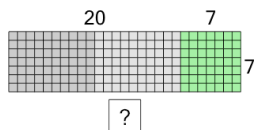

A	B	C	D	E	F
162	164	157	159	165	166

2 Use the area model to find the product of 26 and 9

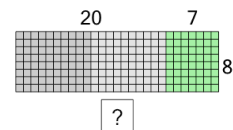

A	B	C	D	E	F
238	229	232	234	237	230

3 Use the area model to find the product of 27 and 7

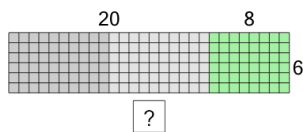

A	B	C	D	E	F
186	189	191	187	192	184

4 Use the area model to find the product of 27 and 8

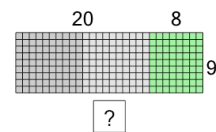

A	B	C	D	E	F
211	214	216	219	213	212

5 Use the area model to find the product of 28 and 6

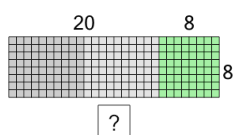

A	B	C	D	E	F
170	171	164	166	168	163

6 Use the area model to find the product of 28 and 9

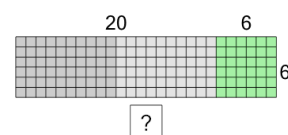

A	B	C	D	E	F
250	256	255	248	252	254

7 Use the area model to find the product of 28 and 8

A	B	C	D	E	F
224	219	227	226	228	222

8 Use the area model to find the product of 26 and 6

A	B	C	D	E	F
152	158	153	156	151	160
