

## Probability Linear or Circular Permutation - Factorial to Counting Type

1

# 6!

Would this calculation count a linear or a circular permutation of 7 items?

A  
Linear permutation

B  
Circular permutation

2

# 4!

Would this calculation count a linear or a circular permutation of 4 items?

A  
Linear permutation

B  
Circular permutation

3

# 5!

Would this calculation count a linear or a circular permutation of 6 items?

A  
Circular permutation

B  
Linear permutation

4

# 7!

Would this calculation count a linear or a circular permutation of 7 items?

A  
Circular permutation

B  
Linear permutation

5

# 3!

Would this calculation count a linear or a circular permutation of 4 items?

A  
Linear permutation

B  
Circular permutation
