

Probability Linear or Circular Permutation - Factorial to Is Circular

1

6!

Would this calculation count an arrangement of 6 items with circular symmetry, or a linear one?

A	Linear
B	Circular symmetry

2

3!

Would this calculation count an arrangement of 4 items with circular symmetry, or a linear one?

A	Linear
B	Circular symmetry

3

5!

Would this calculation count an arrangement of 5 items with circular symmetry, or a linear one?

A	Circular symmetry
B	Linear

4

4!

Would this calculation count an arrangement of 4 items with circular symmetry, or a linear one?

A	Linear
B	Circular symmetry

5

7!

Would this calculation count an arrangement of 7 items with circular symmetry, or a linear one?

A	Linear
B	Circular symmetry
